This edition of Hamlet was printed, I believe, in 1607, as was also, I imagine, the undated edition of Romeo & Juliet, for these two plays were entered on the Stationers' books by John Smethwicke, Nov^r 19, 1607.

In the edition of 1604 the words following the title are — "Newly imprinted and enlarged to almost as much againe as it was, according to the true and perfect coppie."

This undated copy I have collated with the quarto of 1604, and have placed the variations at the bottom of the page.

In the Edition of 1605 the play is entitled The Tragicall Historie of Hamlet &c
